About University

M.J.P. Rohilkhand University (M.J.P.R.U) established in 1975 as an affiliating university. The university status was upgraded to affiliating-cum residential university in 1985 when the four teaching departments were established in the campus. Now, it has more than 450 affiliated colleges. The university has produced massive numbers of scholars and technocrats in various fields of Arts, Science, Technology and Management. With the faculty of Management, Engineering, Arts, Science, Law, Education, Technology the university has got success in every stream of knowledge. In this modern era of technology leads everything; this was truly recognized by the university. The mission of the university is to promote, participation in higher education, which it regards as a democratic entitlement and to equip its students to make effective contributions to society and the economy.

About Faculty of Engineering and Technology

Faculty of Engineering and Technology was established in 1995 with an aim to achieve technological excellence through innovation. It caters to the technical manpower requirements at various levels by adopting a new concept of modular system in imparting technical education with emphasis on practical training in industry. The departments of Mechanical Engineering was established in 1996, department offers Bachelor of Technology programme in Mechanical engineering. The department is actively involved in quality teaching and various research projects sponsored by the Institute as well as external agencies.

Paper Submission

The authors should submit full length paper on conference E-Mail: icaremit2018mjpru@gmail.com. For more information refer our University website.
