One Day Workshop

on

Intellectual Property Rights Issues in Science and Technology (IPRIST-2018)

Monday 14th May, 2018

Sponsored by

**Council of Science and Technology-UP,
Lucknow**

Organized by

**IPR Cell, MJP Rohilkhand University,
Bareilly (U.P.)**

ABOUT THE IPR AND WORKSHOP

Intellectual Property Rights (IPR) plays a key role in gaining an advantageous position in the competitive technological game for economic growth.

The IPR includes the patents, copyright and related rights, trademarks, geographical indication, industrial design, layout design of integrated circuits and protection of knowhow and undisclosed information. Patents are legal protection for new inventions which are solution to scientific and technological problems granted by government for a limited period of time. The importance of patent information is being realized more and more all over the globe. It has been realized that the information and awareness on protecting “Knowledge base” remain abysmally low, which reflects in the less number of patents/ copyright/trademarks filed in the state of Uttar Pradesh. Thus the scientists, technologists and researchers need information, orientation and facilities for protecting the products of their intellectual proress.

Keeping these issues in view, MJP Rohilkhand University Bareilly and UP Council of science and technology, Lucknow has taken initiative to establish an IPR Cell in the university premises.

The workshop will focus on various aspects of Intellectual Property Rights including patents, copyrights, trademarks and many other technical and legal issues. The workshop will provide participants, the in-depth knowledge and exposure to the latest developments in the field of IPR.

TOPICS TO BE COVERED

- Introduction to IPR
- Patents
- Copy right
- Trademarks
- Technical knowhow
- Procedure for IPR
- Legal issues
- Technology Transfer

ABOUT MJP ROHILKHAND UNIVERSITY

M.J.P. Rohilkhand University was established in 1975. In August 1997 Rohilkhand University was renamed as Mahatma Jyotiba Phule Rohilkhand University. The University has taken an overall perspective of development plan and thereby modified University status by including new faculties of Engineering and Technology, Management, Applied Sciences, Education and Allied Sciences etc. Recently, the IPR cell has been setup in the University with the collaboration of UP Council of Science and Technology, Lucknow.

ABOUT COUNCIL OF SCIENCE AND TECHNOLOGY, UTTAR PRADESH

The State Council of Science and Technology-U.P. was established on 1st of May, 1975 by Govt. of U.P. as an autonomous body registered under Societies Registration Act 1860.

The main aim of the Council is to promote overall development of S&T in the State. Research Promotion; Technology Development, Upgradation, transfer; IPR, Entrepreneurship Development; and S&T Communication and Popularisation are the main activities of the Council. The council is establishing the IPR cells in various universities of the Uttar Pradesh with a vision to spread awareness on various aspects of IPR.

WHO SHOULD ATTEND?

Faculty members and research scholars from any College/University preferably in science and technology streams can attend the workshop.

REGISTRATION

There are only 50 numbers of seats in the workshop. Applications in the prescribed format duly filled and signed by the head of the department/institution must reach the organizing secretary on or before last date by post/hand/e-mail. The applications will be entertained on the basis of first come first serve.

DISTINGUISH SPEAKERS:

- **Prof. Balraj Chauhan**, Former VC, RMLNL University, Lucknow
- **Prof. Rashmi Bohra**, Director VM Open University Regional Centre, Udaipur
- **Dr. Yashwant Dev**, TIFAC, New Delhi
- **Dr Shashi Rana**, CST-UP, Lucknow

IMPORTANT DATES:

Last date for registration : 11th May 2018
Intimation of acceptance : 12th May 2018
Date of workshop : 14th May 2018
Reporting time : 14th May 2018 (9AM)
