

High Performance Computational Research Lab

S. No	Name of Researchers	Thesis Title	Current Status	Photograph
1	Dr. Satyam Sharad Parashari	Electronic and Optical properties of III-V Semiconductor Compunds.	Basic Education Department	
2	Dr. Tarun Kumar Maurya	Electronic and Optical Properties selected semiconductors compunds and their alloys.	N/A	
3	Dr. Swatantra Kumar Gupta	Structural electronic and optical properties of stable high pressure phases of semiconducting compounds.	Head and Assistant Professor Department of Physics, Raj Shree group of Institutions, Bareilly	

4	Dr. Suman Joshi	Structural, Electronic and Optical Properties of Chalcopyrite Semiconductors.	Assistant Professor Department of Physics, Raj Shree group of Institutions, Bareilly	
5	Dr. Durgesh Kumar Sharma	Stability, Electronic and Optical Properties of 2D Materials: An ab-initio Study	National Post-Doctoral fellowship Jawaharlal Nehru Centre for Advanced Scientific Research (JNCASR), Bangalore
